

POINT YOUR CAMERA WHERE THE ACTION IS

When you visit your loved one at the correctional agency, they are missing out on seeing the outside world. Instead, they see you...sitting in the visitation center at a correctional agency. Visiting anywhere allows for limitless possibilities to include your loved one in your daily activities.

- Start allowing your loved one to interact with those that can't travel to the correctional agency or let them share holidays with a group of extended family and friends

- Start allowing your loved one to celebrate a child's birthday or wish them goodnight
- Start watching your favorite television show or sporting event together just by pointing your webcam at the TV
- Start allowing your loved one to spend personal time with the kids without bringing them into the correctional agency

VIDEO CONNECT

THERE IS A BETTER WAY

Traveling to the correctional agency to visit a loved one can be very difficult. From money spent on gas and parking or public transportation, to time spent driving and waiting in long lines, the process can be costly and burdensome.

This correctional agency now provides Video Connect Anywhere, allowing you to visit with your incarcerated loved one from home, library, office or anywhere with an internet access from your Android™ or Apple® smartphone, tablet or computer with webcam.

STOP!

- Stop waiting in long lines and being subject to limited communication hours
- Stop wasting valuable time and money traveling to the correctional agency
- Stop being limited to visiting only once or twice per week
- Stop trying to visit your loved one where there are dozens of people around you and you have no privacy
- Stop dealing with the hassle of arranging childcare and scheduling time off work
- Stop subjecting yourself and children to the correctional agency environment

COMMUNICATION FROM ANYWHERE IS EASY

1. **Create a Securus Online account by going to www.videovisitanywhere.com.** Click on the "Sign Up" button to create your account. If you are enrolling with your computer, make sure you have a webcam to take a picture of a government issued photo ID (driver's license, passport, etc.). You will receive an email once your account is approved.
2. **Once approved, log in to your Securus Online account, select "Schedule a Visit"** and follow the steps to schedule your anywhere visit. The video connect system allows you to schedule times specifically when your loved one is available.
3. **On the day of your scheduled visit, make sure you log in** to your account online or via the mobile app 15 minutes prior to the start time of the visit.

Now you are ready to connect!
